BUSINESS SECTION MENACED BY FIRE

BLAZE DISCOVERED LAST NIGHT IN SOUTH SIDE HARDWARE

FIREMEN WORKED WELL

Efforts of Local Force Kept Fire From Spreading Over Whole Block

Fire was discovered in the South Side Hardware store at 11:30 o'clock last night. Good work by the fire department checked what might have been one of the most disastrous blazes Maryville has ever had.

The South Side Hardware store adjoins the First National Bank on the east. It is so situated that the whole block might have gone, had the fire remained unnoticed a few minutes longer. There was no damage, however, to either of the adjoining buildings.

The fire started near a stove just back of the center of the store. It apparently spread to the west wall and then to an elevator shaft, where suction drew the flames upward, so that they shot rapidly through the second floor and on up through the roof.

The damage to the building, which is owned by S. G. Gillam, will probably amount to $3,000. His loss is covered by insurance. J. D. England, manager of the hardware store, estimated the los sto stock at probably $10,000. The store carried stock and fixtures valued at $14,000, he said, and the damage from fire and water would probably amount to 75 per cent, although this estimate may be reduced at a later check. The loss is partly covered by insurance.

The fire was discovered by several persons about the same time. Night Policeman Ed Wallace saw it from the west side of the square. Henry Buhler and several companions also saw it and turned in an alarm. Thomas Clark, proprietor of the Electric Theatre, was downstairs with Mrs. Clark when the ropes holding the heavy elevator in the hardware burned. When the elevator fell, Mrs. Clark rushed upstairs, thinking one of the children had fallen out of bed. From an upstairs window she saw the fire in the hardware store and gave the alarm.

The firemen gained control of the fire by fighting it through the skylight. The building had a tin roof, and it was this that gave the most trouble. It was about 2 o'clock before the flames smouldering beneath the tin could be completely extinguished.

While fighting the fire, Burt Rowley, fire chief, stepped on a partially burned section of the first floor. It gave way and Mr. Rowley fell through the opening. He caught the rafters and was saved from falling into the basement, but his shins were badly skinned.

The second floor of the building was used as a tinshop and storage room by the hardware company. The damage there is included in Mr. England's estimate of the loss.

Soon after the alarm was given, officers of the First National Bank prepared to remove records from the bank, but Fire Chief Rowley assured them that the fire would soon be under control. Three streams of water were brought into play to check the blaze. The new pumps worked well, and the pressure was good.

TRENTON WINS TITLE IN NORTHWEST MISSOURI

Defeats Excelsior Springs Yesterday By A Score of 27 to 3—Verne Pickens Home

Trenton High School cinched the championship of northwest Missouri yesterday when it defeated Excelsior Springs, champions of its district, 27 to 3, there. St. Joseph, Cameron, Tarkio, Maryville, Princeton and Liberty were defeated this season, by Trenton. It was Excelsior Springs third game in seven days, during which no substitutes were made until the second period of yesterday's game according to Verne Lyle Pickens, coach of the Excelsior Springs team. Pickens arrived in Maryville today for a visit with his parents, Mr. and Mrs. George A. Pickens.

Washington, Nov. 25.—The Japanese embassy today received official confirmation of the fact that Prince Hirohito has been proclaimed regent of Japan.

Tokio, Nov. 25.—The announcement that Crown Prince Hirohito is to be proclaimed regent follows reports that the illness of the emperor is more serious that official announcements indicate.

WILL UNITE NEXT SUNDAY AFTERNOON

ALL CHRISTIAN CHURCHES OF COUNTY WILL MEET HERE.

A CLIMAX TO REVIVAL

Over 700 Persons United With Churches in the County Evangelical Campaign.

All Christian churches of the county will unite next Sunday in an afternoon communion service which will be the climax of the county-wide evangelical campaign recently closed. The service will be held in the First Christian Church at 2 o'clock.

Seven hundred persons were added to the various Christian churches in the campaign. All of these and as many old ones as possible are invited to the union communion service Sunday. The lower floor of the auditorium will be reserved for the new members.

At the close of the services, moving pictures will be taken of the new members and also of the county board. Later this film will be exhibited in all the county towns and at various religious gatherings in other parts of the state and even in other states.

At some churches, members will bring their lunches and will start the drive to Maryville soon after.

The Rev. R. E. Snodgrass, pastor of the church here and president of the county board, will preach the communion service.

The elders used in the service will be Alex Holt and W. E. Goforth, Maryville; James Pistole, Hopkins; Homer Carmichael, Burlington Junction; Tom Young, Bedison, and George Shoptaugh, Elmo.

The deacons will be Roy Cook, Barnard; Ray Strickler, Skidmore; William Conlin, Salem; Clint Adams, Wilcox; Alex Slack, Quitman; J. E. Wyatt, Arkoe; F. P. Robinson, Newt Hagins and A. L. Nash, Maryville; O. H. Spicer, Guilford; Alfred Crater, Ravenwood; William Montjoy, Truman Young, Gaynor; Ira Newlon, Clearmont; John Wilson, Graham; J. B. Neese, Bethany; Irvin Hanns, Hopkins, and Vern Fakes, Pickering.

The order of service will be as follows:

Nine Women and Two Men Sit in Jury Box in Kennedy Murder Case.

Los Angeles, Nov. 25.—Expecting the jury to be completed and the taking of testimony to be started Monday, District Attorney Woolwine today ordered a round up of the thirty-five prosecuting witnesses in the trial of Arthur Burch, charged with the murder of J. Milton Kennedy. When trial was resumed today, eleven prospective jurors, nine women and two men were in the box.

M.H.S. TROUNCES STANBERRY, 69-0

TEAM WINDS UP SEASON IN BLAZE OF GLORY

MAKE TEN TOUCHDOWNS

O'Banion Kicks Nine Straight Goals—Line Opens Holes and Backfield Makes Gains

Playing like champions, the football team of Maryville High School handed Stanberry a sound drubbing yesterday in the game which rung down the curtain on the 1921 season. The final score was 69-0.

Line smashes, end runs, forward passes, end and tackle around plays, fakes from various formations, everything that the high school team could use to gain ground, was uncorked by Ziegler's men in the closing game. The first touchdown came in less than two minutes after the kickoff. Nine others were added before the timer's whistle ended the slaughter.

The difference in the opposing teams was the difference between a team that was trained and a team that was untrained. Starting with an entirely green team at the opening of the season. Coach L. E. Ziegler developed a machine that improved steadily all season. The team was defeated twice, but it must be recognized as one of the best in Northwest Missouri.

The Maryville backfield men alternated in making long gains. Willoughby made three touchdowns, O'Banion three, Masters one, Barry two and Ellis one. Time and again one of the quartet would evade half a dozen tacklers before he was finally downed. After one play on which O'Banion had plowed through the line for ten yards, one Stanberry player said, "I touched him. It's an honor even to touch him."

In the first five minutes of play Captain Dick Kirby of the local team sustained an injury which caused him to be taken from the game. He was spiked and one of the bones in his left foot was dislocated. This was a painful injury and will cause him to be disabled for some time.

The game opened with Masters kicking off. Stanberry was unable to gain and punted to the fifty-yard line. Ellis made eighteen yards on an end run. Barry added five yards and Willoughby made twenty yards on a well-executed fake. Willoughby went over for the first touchdown. Masters kicked goal. After all the other touchdowns, the goal were kicked by O'Banion. He placed the ball between the uprights nine times without a miss.

Stanberry made its only gains after the second kick-off. One runner broke away for ten yards, and another slipped down the side line for twenty-five yards before he was brought down by Ellis. Near the end of the game, the visitors made one more first down.

Masters made the second touchdown on a tackle around play, after long gains by Ellis, Carstens and Barry.

The third touchdown was made after a Stanberry kick was blocked on the fifteen yard line. O'Banion made the touchdown.

O'Banion also made the fourth touchdown, after a forward pass to Willoughby had put the ball in striking distance. The half ended without further scoring. It was featured by a thirty-yard run by O'Banion.

The fifth touchdown was made by O'Banion and the sixth by Barry. The latter did a nice bit of open field running in his twenty-yard gain. He was also responsible for the next score, when he received a forward pass and ran forty yards to the goal line.

Willoughby made the eighth touchdown, and also the ninth. The last was made by Ellis. In this period of the game, the long gains of Barry featured.

The teams lined up as follows:

THE HIRED GIRL IS ALMOST EXTINCT

HER PLACE BEING FILLED BY MODERN EQUIPMENT.

CLUB TO ASSIST WOMEN

Douglas Home Makers Will Make Tests of Labor Saving Devices for Farmers' Wives.

How to replace the now "almost extinct" hired girl with modern equipment in the home is the problem which Nodaway County farm women hope to solve this week with the assistance of Miss Fra Clark, home economics expert from the agricultural extension service of the University of Missouri.

Miss Clark met Monday with the Douglas Home Makers Club. She demonstrated the steam pressure cooker and the bread mixer. There were eighteen women present.

Tuesday afternoon she met with the Rockford Community Club at the home of Mrs. W. G. Hogan. There were twelve students of the State Teachers College present in addition to fifteen members of the club. Miss Clark demonstrated the steam pressure cooker, and talked on kitchen arrangement and interior decoration.

On Wednesday afternoon, Miss Clark was present at a meeting of the Worth While Club at the home of Mrs. Bruce Clymens, near Hopkins. She again demonstrated the steam pressure cooker, and promised at some future club meeting to give a demonstration on cleaning and generating a Monitor gasoline iron used by Mrs. Clements.

Miss Clark gave the following report on the meeting with the Douglas Home Makers:

"In October the club decided to test a bread mixer and a steam pressure cooker loaned them by the extension division of the College of Agriculture, of the University of Missuori. Mrs. Guy Erickson kept the time required to mix by hand. She found it took her five minutes to prepare the yeast and mix the sponge, twenty-four minutes to kneed the bread, five minutes to mould into loaves, seven minutes to wash the utensils used, making a total of forty-five minutes. She washed her hands five times in preparing the bread for baking.

"With the bread mixer, it took her four minutes to prepare the sponge, three minutes to kneed the dough, one minute to mix down the sponge. It took five minutes to wash the bread mixer and utensils used, making a total of fifteen minutes. The first time the hands touched the dough was when it was made into loaves to bake.

"Mrs. Erickson found she saved thirty minutes in using a bread mixer and that it was easier to make bread in a mixer than by hand. Mrs. Hanks, Mrs. McDowell and Mrs. Louie Schulte used the mixer, and all reported it a time and labor saver in making bread. As a result four women in the club are planning to get a bread mixer, and several others are convinced it is a piece of equipment that could well be used in all farm homes where bread is made.

"Mrs. J. J. Gallagher used the steam pressure cooker for meal cooking and canning. Mrs. Jim McGinness used it to cook the goose for their Thanksgiving dinner. A later report will have to be made as to how well the family liked the Thanksgiving dinner.

"There are many so called labor and time savers on the market for use in the home. The Douglas Home Makers Club, cooperating with the Farm Bureau, are going to make more tests and give the benefit of their results to the women of every community.

"The hired girl is almost extinct, and her place is being filled by modern equipment in the home, as the hired man's place is being filled by modern machinery on the farm."

BRITISH CABINET OFFERS BASIS FOR IRISH PEACE

New Proposals Will Be Placed Before Ulster Cabinet Next Tuesday.

London, Nov. 25.—Premier Lloyd George today handed to Sir James Craig, Ulster premier, the British cabinet's formal basis for settlement of Irish question. The new proposals will be placed before the Ulster cabinet next Tuesday.

Craig refused to make any statement, following a conference with Premier Lloyd George. An official announcement said there will be no more meetings to discuss the Irish question until Tuesday.

MANY THEFTS ARE CHARGED TO GANG

ALLEGED TO HAVE TAKEN HOGS, CHICKENS, PILFERED AUTOS.

ARRESTED 13 PERSONS

Albert Needham of Nodaway County Was Arrested on Charge.

The Atchison County Mail at Rock Port had the following about the arrest of thirteen persons charged with recent thievery:

Have Sheriff Chastain and his force of deputies uncovered an organized gang of thieves who have been pilfering the country around Tarkio in recent months, stealing hogs, poultry, automobile tires and accessories, harness and the like?

Chastain and his men, with the assistance of farmers of the Tarkio country, have at last gotten action by placing under arrest thirteen persons, who are now either in jail or out on bond under charges of various sorts.

It is alleged that various members of this gang have carried away hogs from farms, stolen chickens and sold them, pilfered automobile tools and tires and gotten rid of them in different ways, and taken harnesses which were sold to other persons. In the cases of the stolen harness, at least two men among those under arrest are charged with having received or purchased stolen property.

As the first break in getting a line on the thefts which have been taking place for quite a while, without successful combatting on the part of the authorities, one Ross Thompson was taken into custody at Tarkio early last week, because the truck which belonged to Thompson had on it tires of the same make as those stolen from John Salmond's truck, east of Tarkio, several weeks ago. He was questioned at length by the authorities and later released on bond. On the strength of information divulged by Thompson, Sheriff Chastain placed under arrest George Keever, who was working on a farm north of Rock Port, he having been suspected of having sold the tires to Thompson.

Acting on information alleged to have been given by Keever, the authorities got busy and arrested the following persons:

Cecil Green, Earl Fox, Harry McKinley, Charles Gross, Ferril Hathorn, Clifford Graves, Lee Gowdy, Phillip Foster, Blaine Duncan, Allen Harris, Albert Needham.

Green, Fox, McKinley and Keever are in jail, the others having been released on bond.

The charges filed against the various persons under arrest include the following:

Clifford Graves.—Theft of about 22 head of hogs.

Earl Fox.—Charged with theft of John Salmond's four casings and four inner tubes, about Sept. 30, this year.

George Keever.—Same charge as one above against Fox.

Ross Thompson. — Grand larceny charge, in connection with Salmond tire theft.

George Keever.—Theft of Isaac Vernon Ford roadster, about Oct. 10.

Chas. Gross, Ferril Hathorn, Earl Fox and George Keever. Theft from Harry Luckhardt of set of bits, a brace, one 24-inch wrench, one 18-inch wrench, one pair fence pliers, about Sept. 30.

George Keever and Earl Fox.—Theft from Nathan Lesher of two 32x4½ tires, 4 rims, 4 inner tubes and 2 chains, about Sept 20.

Philip Foster, George Keever and Cecil Green.—Theft of 60 Plymouth Rock hens from John Sunbarger, about Sept. 5.

Albert Needham.—Buying and receiv-

CHALLANGE POWERS TO REDUCE NAVIES

PREMIER BRIAND THROWS DOWN GAUNTLET TO NATIONS.

REBUKES LORD CURZON

Frenchman Defends French Army and Tells of Reduction of Navy of His Country.

New York, Nov. 25—Premier Briand, who sailed at noon for France, in an exclusive interview with a correspondent of the International News Service today, challenged the powers of the world to reduce their navies in proportion to France's announced army reduction. The sharply rebuked foreign minister Lord Curzon of Great Britain for his assault on France's policy toward Germany.

"France, who has sixty million subjects in her colonies, whose coasts are on three seas, which constantly need a navy, has seen her fleet of capital ships reduced by the effects of war from three squadrons to a single squadron. She is prepared on this ground to realize an accord with her friends for the same proportion of reduction.

"Our English friends should realize that the German fleet is at the bottom of the seas and is no longer a menance to either us or England. But seven million men of the German armies are sill there. This is a fact that France must realize and consider."

Washington, Nov. 25. — Additional precautions are being taken to guard the statesmen attending the arms conference because of the intense political and racial situations abroad. The American delegates are also being accompanied by secret service operatives.

FORMAL INVESTIGATION OF REILEY TO BE HELD

Governor of Porto Rico Will Likely be Sustained by the Administration.

Washington, Nov. 25.—A formal investigation of the charge against Mont Reiley, governor of Porto Rico, will probably be ordered within a short time unless the inquiry develops new evidence. It is expected that the administration will sustain Reiley as the charges against him are considered of political nature.

LARGEST CIRCULATION IN NODAWAY COUNTY

Would Mr. Tumulty have us believe that he composed the words and that President Wilson set it to music? It is evident from his story of "Mr. Wilson As I Know Him" that he was the star performer in the whole drama.

The democratic state committee has determined to test the legal right of the state administration to redistrict the senatorial districts in the manner it was done. It is to be hoped there will be an early ruling by the courts so that the people will know where they are.

Three of the jury selected to try Fatty Arbuckle are women. Women are entitled to equal privileges and equal obligations with the men in the duties of citizenship. They are generally high minded, with high ideals and acute ideas of justice. They ought to make good jurors in many cases. But imagine three refined, cultured and modest ladies sitting in a case like this. Imagine a lady whose husband has shielded her from the filth of the street and discussed subjects with her and his family in pure and wholesome language, sitting as juror in a case where rottenness and vulgarity are the main points at issue. Lawyers, in trying to emphasize a point are rarely overly careful in their choice of words or subjects introduced in evidence and, in this case, it is a foregone conclusion that a large part of the evidence will be salacious, coarse and wholly obnoxious to the refined sensibilities of either sex.

"We Wanted a Change"

We were getting a dollar six bits for our corn,
We could sell every hide, from the hoofs to the horns.
But we wanted a change, and we got it.

Now we're getting a quarter for corn —it's so cheap
That we'll burn it for fuel, our toes warm to keep.
We can't sell the hides, so we bury them deep.
But we wanted a change, and we got it.

The poor workingman pulled down eight bucks a day,
Now he's darn glad to work for half of that pay.
But he wanted a change and he got it.

There was work and a plenty for every man's son,
And warm food and shelter when that work was done.
Now millions are idle where before there were none,
But we wanted a change and we got it

Mr. Wilson spent quite a long time over there,
For peace, he was fighting, but what did we care?
We wanted a change and we got it.

Now all that we read of is golf and vacations,
Gay week-ends at summer resorts and plantations,
(Not what we expect from the head of the nation),
But we wanted a change and we got it.

We were prosperous and happy, well fed and gay,
Now millions of children go hungry each day.
We wanted a change, and we got it.

Meanwhile, we hear this: "It was certain to come—
Reaction from war times"—and war three years done!
If we wanted a lemon, we sure did pick one,
Well, we wanted a change. Now we've got it.—Omaha World Herald.

Uncle Abner says a man never forgets his place if he has one worth while.

A Maryville woman remarked the other day that it seems that the only way one of her sex can be popular nowadays is to kill a man.

Some one can make himself famous by inventing a napkin that won't come off on you vest.

It is announced that "cotton stockings will go up in the spring." Does that mean that they are going back on or that they will be rolled the other way next season?

HOPKINS MAN BRINGS HOME STRANGE STORY

Stockman Returns From Chicago Where He Topped The Cattle Market

John R. King of Hopkins returned Saturday morning from Chicago, where he sold a top load of white face 2-year old steers—as the auctioneer would say, "every one a good one"—the cattle being so well finished that they went on to New York for consumption, says the Hopkins Journal. Mr. King was on Friday's market and the day was bad, rain falling and so foggy that the Chicagoans had to turn the lights of their autos on to see to get over the city, and it was so mean and gloomy at the yards that salesmen figured stuff sold at least a half dollar a hundred lower than if the day had been nice. Mr. King got $9.75 for his load and figures they made him good money, this being the extreme top for any kind of cattle on the Chicago market that day.

As told in last week's Journal, these cattle were bought last March when they averaged 590, the price paid being $8 per hundred. They weighed when shipped 1210, having made a gain of 230 pounds and with the advance of $1.75 a hundred on the original cost, it is easy to see they proved a profitable investment, most of the corn fed them not costing over 25 cents a bushel.

Mr. King brings back a strange story from the yards—says four plain clothes men are constantly on the watch to pick up disappointed shippers who frequently topple over when they hear what their stuff sells for, frequently losing them as much as a thousand dollars a load on cattle—many are not only overcome by the blow but some attempt suicide and the plain clothes men find playing the part of the guardian angel no snap.

Rendering a Positive Service

The Daily News, Minneapolis, Minnesota, prints the following editorial in its issue of November 14:

When Magnitude Discards Mystery

Frankness is being better recognized as a big asset in all human relations, including business.

The bigger the business, the greater the need for frankness.

It wasn't always so; in fact, until only a few years ago, the reverse was true so far as actual practice was concerned and magnitude paid a penalty for the mystery in which it chose to cloak itself.

As one of the biggest of the big industrial and commercial organizations, the Standard Oil Co. used to exercise its full proportionate share of mystery. That this policy has been changed—deliberately and conspicuously—is a development that is as radical as it is interesting to students of publicity.

For three years, Standard Oil has been out of its shell telling the public exactly how it was doing things, why it was doing things and what it was driving at. It has made large use of advertising space in newspapers without regard to their attitude toward itself. It has conspicuously evidenced its desire to talk to the people and to put out its products for a price that included good will.

Today, instead of merely making its products available to those who MUST buy, Standard Oil is employing extensive publicity to make people WANT to buy. There is a very great difference, just about the difference between the exaction of tribute in one case and the rendering of positive service in the other.

Entirely aside from commercial considerations, a policy of frankness and service will tend to iron out some disagreeable wrinkles in the things that are. And the benefits will go to both sides of the equation.

TO render a positive service is not alone the desire of those responsible for the management of the Standard Oil Company (Indiana). It is a well-formed, clearly-understood determination.

This determination to render a positive service is expressed in the multitude of products manufactured by this Company from crude petroleum. The housewife, the motorist, the farmer, the physician, the fabricator of raw materials, almost every special branch of human endeavor, has been considered and that part of the petroleum which will render to each the greatest service, has been segregated and made instantly available.

This is the method chosen by the Standard Oil Company (Indiana) to make tangible the positive service it is endeavoring to render.

The campaign of advertising which is being carried on has as its object a frank discussion of the ways and means used by the Company in delivering this service, a discussion which tells what it is doing and how it is doing it, and why.

That there is a better understanding of the motives of the Standard Oil Company (Indiana) and a feeling of increasing confidence in its integrity and straightforward frankness is indicated by the number of favorable comments which the campaign has elicited from the editorial departments of newspapers, big and little, throughout the eleven states served.

Justice, equity, frankness, a basic desire to render a positive service, and a determination to take all of the people into its confidence are the underlying principles governing this organization.

POOR LITTLE RICH GIRL

Heiress to a fortune estimated as high as $50,000,000 and yet without sufficient means to spend for her proper education and support. This is the plight of a "poor little rich girl" in real life—Jacqueline Lebaudy—as revealed by application made to Surrogate Howell in Nassau county, New York, for $40,000 from her father's estate. The sixteen-year-old daughter of the eccentric Jacques Lebaudy, self-styled "Emperor of Sahara," who was slain by his wife in their home at Westbury, Long Island, in January of 1919, is one of the richest girls in the world. The estate is tied up in seemingly endless litigation.

RULES FOR MAILING CHRISTMAS GIFTS

Local Post Office Authorities Request Public to Aid in Handling the Holiday Rush of Parcels.

Do your Christmas mailing early.

This is the slogan which the employees of the Maryville postoffice are urging, in an effort to induce the public to get their Christmas packages in the mail as early as possible so that they may be delivered on time and the work may be made lighter on the employees.

The officials of the local office urge patrons to wrap all parcels well, using heavy paper and stout string. Fragile packages should be packed with extra care. All parcels should be insured.

Tie Letters Outside.

No letters, notes or other communications are allowed in the parcels, other than a card designating whom the present is for and whom it is from. Letters, however, it was explained, may be tied on a Christmas package, providing there is sufficient postage.

Such wording as "Do Not Open Until Christmas" and "Greeting," "Merry Christmas" and other greetings may be put on the outside of the parcel, but no communication either within or on the outside of the package.

Perishable packages should be sent special delivery. This is done to insure quick service. In case the parcel was sent by regular mail it might be delayed in some terminal for several hours.

Christmas cards with mica or glass substance on them must be enclosed in a folder. The health and safety to the employees is the object of this request, officials said.

"Baby" Envelopes.

In the sending of cards the postoffice officials ask that the patrons send as near as possible the standard size card and letter. In the past, what employees call "baby" envelopes have been sent through the mail and in the big rush some have been lost. It also handicaps the carrier and means individual stamping, as the small letters will not go through the cancelling machine.

For a Bedroom of Distinctive Tone We Recommend The Jeffersonian

This is a composition which has some of the details of the Empire Style, combined with many features of a style in vogue in America during a period known in our history as the Jeffersonian Era.

The fine beadings and mouldings give a touch of refinement to the various pieces which is hard to excel.

The veneers are carefully selected and matched. The interior is red gum, blending well with the color and texture of the exterior of the various cases. Those who admire the proportions and simple grace of the widely-known Napoleon bed, will appreciate this design; the period, while later than the Empire, is the outgrowth of the latter influence.

Altogether, it will make a very attractive bedroom at a moderate price.

We suggest that you call and examine this suite at your early convenience.

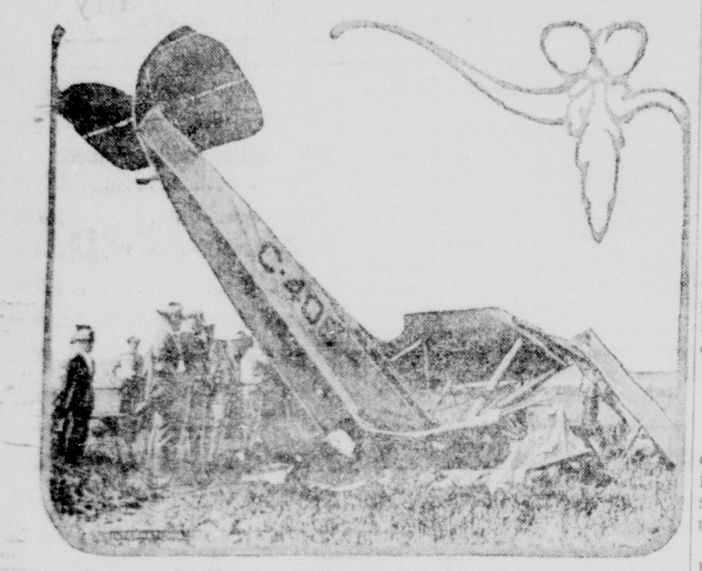
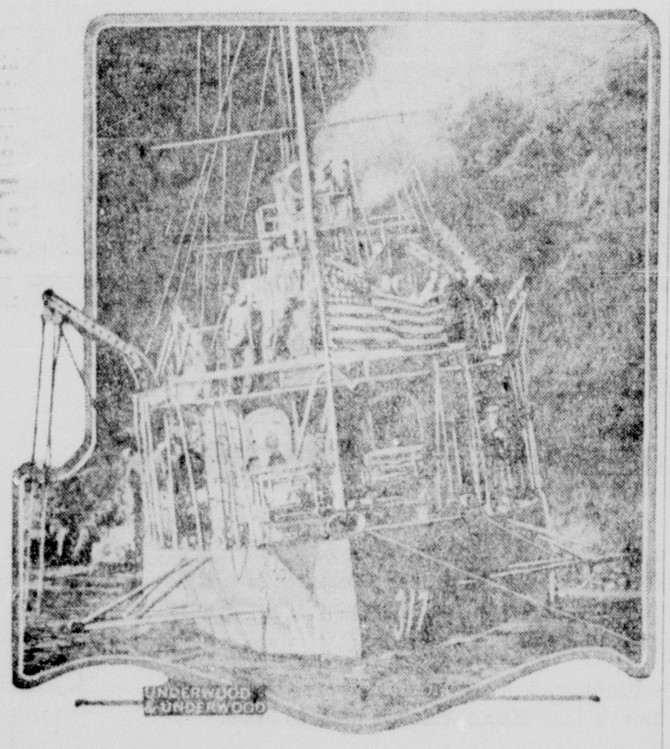
After Collision High in the Air



This picture tells the story of a naval airplane collision 4,000 feet above the earth at San Diego, Cal., and leaves little wonder that one pilot was killed and the other so badly broken up his recovery seems a long way off. Lieut. Winthrop E. Blackwell was killed and Lieut. Daniel W. Tomlinson injured. Flying with others in close formation they had veered off at signal to return to their base on North Island, and somehow brought their wings into contact.

Destroyer Wood Stuck in the Mud



It really wouldn't be right to call a United States navy destroyer "old stick-in-the-mud," but here's the U. S. S. Wood almost justifying the epithet, as it stands stolidly on a mud-flat, off Angel Island, Cal. The accident occurred during a heavy morning fog.

BRILLIANT TITLES IN DeMILLE PHOTOPLAY

They Serve to Make the "Affairs of Anatol" One of Season's Best Pictures.

Subtitle of epigrammatic brilliance are taken for granted in a Cecil B. DeMille production following the high mark set by the substitles in "Why Change Your Wife?" "Something to Think About" and "Forbidden Fruit." However, "The Affairs of Anatol," the latest production of the famous producer which will be the feature at the Empire Theater next Monday and Tuesday is said to excel all previous efforts in this respect.

Jeanie Macpherson, author of the story—suggested by Arthur Schnitzler's play of the same name—is responsible for these subtitles and to her goes the credit for their scintillating phraseology, thought and wit.

"The Affairs of Anatol" is a searching analysis of the matrimonial and divorce problem handled with the mastery which is Cecil B. DeMille's chief distinction. He has developed a powerful story that deals in real truths, it is said, and to this he has added a sympathetic comedy note that serves to relieve the serious vein of the story without in any way detracting from the power of vividness of the central theme. Wallace Reid and Gloria Swanson head an all-star cast in this picture.

The effect of these subtitles is materially increased by the sympolic art work which decorates the subtitles. This art work is from the brush of Paul Iribe, the famous French artist and designer, who is now serving as art director for Cecil B. DeMille productions. His color on the screen is secured by the quadri-color process which is the exclusive property of Paramount Pictures and which has been developed under the direction of Loren Taylor.

On Mysterious Mission

The sheriffs of three counties—Atichison, Nodaway and Page—were in Blanchard recently on a somewhat mysterious errand. It is supposed to have been in connection with the robberies that have been going on in this section for some time. It is thought that an organized gang of thieves has been working through here. The Herald hears that a number of arrests have been made and that a confession has been secured from one of the prisoners. Also, learns that some stolen property has been recovered.—Blanchard State Line Herald.

Judge Wm. C. Ellison represented the plaintiffs.—Rock Port Mail.

WILL LINEBAUGH LOST HIS CAR BY FIRE RECENTLY

Will Linebaugh had his fine Studebaker car burned last Friday morning. He and Joe Rogers were down near Watson on a duck hunting trip, and Thursday evening had succeeded in getting 42 ducks which they had brought up and placed in the car. They camped in their tent for the night using the gas lights for illumination. In the morning they got up, turned on the lights and were dressing when their attention was attracted by a noise and looking out they saw the car was wrapped in flames and nothing could be done to save the car or contents. Among the contents was their good clothes, a fine gun, and last, but not least the ducks. The car was insured. Fire is thought to have been caused by a short in the wiring. Will seems more he does about the car.—Clearmont worried over losing the ducks than News.

Can You Solve This Movie Puzzle?

Here's a new puzzle that's as simple as A-B-C. Everybody can solve it, from grandma to baby Jim. The operator of a Movie Machine in a theater decided to play a joke on his audience, so he re-arranged the names of 10 Movie Stars and threw them on the screen. The above picture shows how they look. To solve the puzzle all you have to do is to rearrange the letters of the 10 Funny sentences so that they will spell the correct actors' or actresses' names. For instance No. 1 is Helene Chadwick. Everybody knows who she is. If you can name all 10 you can win the Ford Sedan or $800.

Probably you know the names of the most famous Movie Stars, but just to refresh your memory, we are listing below a few of them—Charley Chaplin, Alice Brady, Tom Moore, Wallace Reid, Charles Ray, Theda Bara, Jackie Coogan, Elsie Ferguson, Douglas Fairbanks, Norma Talmadge, Dustin Farnum, Anita Stewart, Pearl White, Earle Williams, Mary Pickford.

185 "Points" Wins First Prize

You will receive 10 "Points" in this Movie Puzzle Game for each name that you arrange correctly, or 100 "Points" in all will be given to you if you can arrange all the Movie Star names the way they were in the first place. You can gain 60 more "Points" by qualifying your answer. That is by proving that you have shown a copy of our paper—The Rural Weekly, to five people. The final 25 "Points" will be awarded by the three final judges to the person sending in the best correct answer.

The answer gaining 185 "Points" (which is the maximum) will win the Ford Sedan or $800 in cash. The second highest will win a 5200 Diamond Ring, and so on down the list of the 25 big prizes. In case of a tie, both answers will receive the same prize. Send in your answer TODAY. As soon as it arrives, samples of The Rural Weekly will be sent to you FREE to assist you in qualifying.

Costs Nothing to Try—You Can Win

You will not be asked to subscribe to The Rural Weekly; nor to spend one penny in order to win. We have given away over a hundred automobiles and thousands of other prizes. You can be the next lucky one. Be sure that your name and address appear on your puzzle solution. You can win the Ford Sedan on $800 in this contest—Answer the puzzle NOW.

Just one of the Recipes from this New Cook Book:

LUNCHEON OR SANDWICH ROLLS

4 cups flour
1 teaspoon salt
6 teaspoons Dr. Price's Baking Powder
1 tablespoon shortening
1½ cups milk

Sift together flour, salt and baking powder; rub in shortening; add milk, and mix with spoon to smooth dough easy to handle on floured board. Turn out dough; knead quickly a few times to impart smoothness; divide into small pieces; form each by hand into short, rather thick tapering rolls; place on greased pans and allow to stand in warm place 15 to 20 minutes; brush with milk. Bake in very hot oven. When almost baked brush again with melted butter. Bake 10 minutes longer and serve hot. If a glazed finish is desired, before taking from oven brush over with yolk of egg which has been mixed with a little cold water.

These rolls make excellent sandwiches, using for fillings either lettuce and mayonnaise, sliced or chopped ham, chopped seasoned cucumbers, egg and mayonnaise with a very little chopped onion and parsley, or other filling desired.

Dr. Price's Baking Powder is guaranteed to contain no alum. It is the most wholesome low-priced baking powder you can buy!

OPERATE A RADIOPHONE LOCAL LABORATORIES

Ernest Kessler and Forrest Martin Have Only Wireless Apparatus of Power in Vicinity.

To sit in one's own home and listen to the country's best opera singers as they appear in concert in Chicago is the prospect held out to Maryville citizens by Ernest Kessler and Forrest Martin, who jointly operate a radiophone, or wireless telephone, at the laboratories of Mr. Kessler at 302 East First street.

Several friends were present Wednesday night, when the two electrical wizards demonstrated their set, which is the only wireless apparatus of any power in this vicinity. They had attached the Magna-Vox of the Price Furniture Co. to their receiver so that all the persons in the room plainly heard a phonograph concert as it came through the air from the Western Radiograph Company at Kansas City. They also heard a speaker in Kansas City, but could not distinguish all his words.

Mr. Kessler also showed his guests through his laboratory, in which he carries on experiments with "high frequency" electrical equipment. He mystified his visitors with some of the tricks used by stage magicians who claim to be immune to high voltages of electricity. Holding a wire in one hand, and an ordinary electric light bulb in the other, he allowed enough current to pass through his body to light the lamp.

Last night Kessler and Martin "listened in" on an opera at the Auditorium Theater in Chicago, where microphones caught the sound and carried it to the Westinghouse Wireless station, where it was sent out broadcast.

The concert Wednesday night included a selection by Caruso, a violin solo, and band music. Market reports are sent out daily at 11:30, 2 and 7:30 o'clock. The concert is given from 8:30 to 9 o'clock.

COURT HEARS ARGUMENTS IN SCHOOL INJUNCTION CASE

Morgan District Affairs Are Aired in Circuit Court—John Flowers Fined $5

Judge Dawson is hearing the arguments of attorneys in circuit court this afternoon on the request for an injunction to restrain the township collector from collecting school taxes in school District 143, known as the Morgan school district.

The relators, for whom Cook and Cummins are attorneys, charge that a levy of 20 cents was fixed by the school board contrary to the laws of the state and not for the expenses of the school but for the purpose of paying debts contracted privately by W. B. Gex and W. K. Smith, two of the board members. Wright and Ford are attorneys for the respondents.

In the case of state against Joseph Montgomery, charged with assault and battery, with A. J. Thornton as the prosecuting witness, the defendant pleaded guilty and was fined $5 and costs. The offense was committed November 19.

John Flowers, charged with giving away intoxicating liquor, waived formal arraignment and pleaded not guilty. Bail was fixed at $500, which he gave with J. W. Hall as surety.

Ed Jackson, charged with issuing a bogus check, pleaded not guilty. His bail was fixed at $200, and he was committed to the custody of the sheriff until bail is given.

Dale Yeager, charged with stealing chickens, waived formal arraignment and pleaded not guilty. His bail was fixed at $1,000, which he has not yet given.

Finishes Stenographic Course

Miss Helen Renshaw returned home Wednesday evening from Quincy, Ill., having completed the stenographic course at the Gem City Business College.

Files Suit On Note

W. W. Jones and Co. filed suit on a note today against Willis Reese. Cook and Cummins are attorneys for the plaintiff.

Miss Nell Hudson went to Savannah this afternoon where she will spend the week end with Miss Elaine West.

The box and pie social at the Swinford school, east of Arkoe, Wednesday night was well attended and $39.54 was realized from the sale. The proceeds will be used for school purposes. Miss Jessie Fannon is teacher at the Swinford school.

The Rev. Father Ambrose of Parnell visited in Maryville today.

Ernest Daniels, who teaches manual training in the Liberty, Mo., schools, is spending the Thanksgiving holidays in Maryville.

Dr. H. J. Tandy of Kansas City is spending a few days here.

Miss Grace Owen of Irving, Kan., arrived here Thursday noon for a visit at the home of her aunt, Mrs. Jesse Miller, Sr., and family.

11,917 FARMS IN MISSOURI DRAINED

State's System o fDrainage Covers 2,596,204 Acres and Represents An Investment of $24,741,735

Jefferson City, Nov. 25.—Drainage systems now operating in Missouri drain a total of 2,596,204 acres of land representing a total investment of $24,749,735, according to information compiled by the Bureau of Labor Statistics under the direction of A. T. Edmonston, chief statistician of the department. Every county in the state is reported as having some land under draining projects, according to the bulletin issued today, the investment ranging from $5,000 in Bolinger county to $3,976,510 in New Madrid county.

In addition to the drainage systems now in operation, the report indicates that there are 384,061 acres of land in the state that are included in non-operating drainage systems, representing an investment of $6,317,994.

11,917 Farms Affected

"Reports of drainage activities in the state at the beginning of the present year show that 11,917 Missouri farms are included in drainage systems," the Labor Bureau bulletin states," while there are 19,572 additional farms located in low and swampy districts that need drainage. The farms that need drainage include a total acreage of 830,693, located to a large extent in the southeastern portion of the state.

"Of the total 2,596,204 acres included in drainage projects, 1,474,302 acres are officially recorded as improved lands, with 1,121,902 acres included in drainage that are still in timber and cut-over land and therefore classed as uncultivated.

Southeast Section

"The southeast section of the state ranks first in drainage activities, the counties having large drainage projects including Pemiscot, Dunklin, Butler, New Madrid, Stoddard, Mississippi and Scott. This section of the state is also considered as the most fertile section of Missouri, with large productions of cotton, watermelons, canteloupe, rice, peanuts, wheat and corn.

"In North Missouri, counties that are included in the drainage district are, Carroll, Ray, Chariton, Pike, Holt, Atchison, Nodaway, Andrew, Buchanan, Worth, Marion, Lewis, Callaway, Scotland, Clark, Livingston, Linn, Grundy, Schuyler, Knox, Clay, Platte and Howard. The investments in the arge drainage districts include, Black River basin, covering 262,576 acres, and $2,354,932 investment; Mississippi River basin, 702,824 acres, $6,617,645 investment; Missouri River basin, 37,151 acres, $2,124,360 investment; Osage River basin, 90,823 acres, $1,450,406 investment.

Scott County Leads

"Scott county leads all other counties in the state for the amount of land under drainage, with 80,629 acres included in such projects. Stoddard county stands second with 80,250 acres, Saline county, third, with 58,175 acres. Other counties with large amount of land under drainage include, New Madrid, 51,618 acres; Mississippi, 56,640; Pemiscot, 39,749 acres; Pettis, 22,088 acres; Nodaway 23,683 acres; Atchison, 31,397 acres; Cape Girardeau, 21,690 acres and Dunklin, 21,682 acres.

"New Madrid county leads the state for the total capital represented in drainage projects, the investment in that county amounting to $3,976,150. The investment in drainage projects in other counties includes, Pemiscot, $3,624,505; Stoddard, $2,956,940; Butler, $2,264,672; Mississippi, $1,679,150; Dunkin, $1,147,685 and Scott, $1,008,981."

Take Yeast Vitamon Tablets To Get Job-Winning "Pep"

Easy and Economical—Results Quick.

Thin, run-down folks who find that business is bad and employment is scarce should try taking two of Mastin's tiny yeast VITAMON Tablets with their meals for a short time and watch how their physical and financial conditions improve.

Mastin's VITAMON Tablets supply in highly concentrated form true yeast-vitamines combined with the other health-giving vitamines which Science says you must have to be strong, well and fully developed. If you are weak, thin, pale, generally run-down, or feel lacking in brain power and ambition, and want that firm flesh "pep" which gets the money, you surely need some of these precious vitamines in your system at once. Mastin's VITAMON mixes with your food, helps it to digest and supplies just what your body needs to feed and nourish the shrunken tissues, the worn-out nerves, the thin blood and the starved brain. Pimples, boils and skin eruptions seem to vanish like magic under this healthful influence. Mastin's VITAMON Tablets will not cause gas and they help to correct constipation. They are easy and economical to take. Be sure to remember the name—Mastin's VI-TA-MON. You can get Mastin's VITAMON Tablets at all good druggists.

Why not be a strong, well-built fellow—with plenty of "Pep," energy and a clear skin glowing with ruddy health and vigor? Just take Mastin's Yeast VITAMON Tablets for a short time and watch the truly amazing results.

K. U. TWISTED THE M. U. TIGERS TAIL

TRIUMPHED OVER ANCIENT RIVALS BY SCORE OF 15-9

20,000 SAW THE GAME

Enormous Crowd At Dedication Of New Jayhawker Stadium Yesterday—Thirtieth Annual Game

Lawrence, Kan., Nov. 25—Kansas triumphed over Missouri, her ancient rival, in their thirtieth annual Thanksgiving day football struggle here yesterday, 15 to 9. A crowd estimated at more than twenty thousand persons jammed Kansas' new concrete stadium to witness the game, the initial contest for the big bowl.

Missouri's defeat leaves her tied with the Kansas Aggies for second place honors in the Missouri Valley conference, while Kansas, by virtue of the victory, and the victory of Drake over Grinnell today, clinched fourth place. In the record of the Kansas-Missouri games, Kansas now has won seventeen, Missouri has won nine and four have been tied.

Tigers Score First

Missouri scored first early in the opening quarter when "Chuck" Lewis Missouri quarter, booted a field goal from the 15-yard line after Kansas had held the Missourians on the 3-yard line. Kansas then kicked off to Missouri's 15-yard line. After Missouri had failed to gain, Lewis punted out of mounds and it was Kansas ball on Missouri's 40-yard line. A series of line bucks, end runs, and forward passes carried the ball down the field and a forward pass, Wilson to McAdams, gave Kansas her first touchdown. Wilson failed to kick goal for the first time this season. Score: 6 to 3.

Kansas outplayed Missouri in the second period and kept the Missouri goal in constant danger. After a punt to Missouri's 48-yard line, Kansas commenced another march down the field. Forward passes, line plunges and fake play placed the ball on Missouri's three-yard line. A line plung by McAdams, Kansas right halfback, placed the ball on the two yard line and Wilson carried it over for the second touchdown. Wilson kicked goal. The half ended with the ball in Missouri's possession on her own one-yard line.

In the third period, Missouri punted to the Kansas 30-yard line after receiving the kickoff. After Kansas ran the ball back to Missouri's 25-yard line, where they were forced to punt, Missouri took the offensive and plowed down the field with consistent gains. From the Kansas 9-yard line, Lewis went through right tackle for Missouri's first touchdown but failed to kick goal. When the period ended Missouri held the ball on her own 20-yard line. Score: Kansas 13; Missouri, 9.

Kansas Scores Safety

At the opening of the fourth quarter, Simpson made a bad pass to Lewis, who was thrown behind the Missouri line for a safety. Then from her own 15-yard line, Missouri crashed through the Kansas defense to within ten yards of the goal where Kansas took the ball on downs. A penalty placed the ball on the Kansas three-yard line, but Spurgeon, Kansas fullback, punted out fifty yards. The final whistle blew with the ball in posession of Kansas. The final score was 15 to 9.

A summary of the results of the Missouri-Kansas games in former years shows that Missouri had won 9 and tied 4 of the 30 games since the two schools first met in 1891. However, since 1909, Missouri had won six of the 11 games and tied two. For total points scored, Missouri had counted a total of 172 and Kansas 342.

The results of the former Kansas-Missouri games follow:

Harry McKinley, George Keever and Clifford Graves.—Theft of 22 head of hogs from H. A. Smith and Mrs. Esther B. Giffin, about March 1.

Keever, Gowdy and Fox.—Theft of two 30x3 tires, one 30x3½ tire and three inner tubes, about Sept. 26, from Horace Logan.

Chas. Gross, Ferril Hathorn, Earl Fox and George Keever.—Theft of four 30x3½ tires, four inner tubes and a lap robe from John Salmond, about Sept. 30.

With circuit court convening next Monday for the regular November term, it is probable some of the defendants will stand trial at once, although it is unlikely all of the cases will be reached at this term.

One of the defendants, Ferril Hathorn, is a young woman, who, it is alleged, accompanied some of the men on their thieving trips.

Harris is a produce dealer at Westboro, to whom, it is charged, stolen chickens were sold.

Duncan lives at Fairfax and Needham near Elmo. They are charged with having been concerned in harness thefts or receiving stolen harness.

Needham, especially, is well regarded in his home community and a number of his friends came to Rock Port Monday evening to sign his bond.

Whether or not the men under arrest are the parties guilty of the numerous thefts this summer and fall around Tarkio, the fact remains that depredations of almost nightly occurrence have taken place, the range of operations having extended from the Iowa line as far south as the Fairfax territory and from Cow branch as far east as the Nodaway county line.

Many hen-roosts have been raided, and, in some instances, whole flocks almost cleaned out. One instance of heavy loss was that of A. B. Calvert, living on the southwest edge of Tarkio, who, depending on his garden and chickens for a livlihood, had practically every chicken stolen this summer. Mr. Calvert is practically deaf, an old man and one who works hard to make a living. He lived for some years just west of Rock Port, on the place which Jas. Gibbs now owns.

Tires have been stolen from automobiles and trucks standing in owners' garages. Tools, likewise, have disappeared. Harness has disappeared from several farms.

The outcome of these wholesale arrests is awaited with interest by the public, especially in and around Tarkio.

BEARCATS LOSE LAST GAME TO MISSOURI VALLEY, 55-14

S. T. C. Team Scores Once In First Quarter and Once In Last, Which Was 7-7

The State Teachers College football team went down in defeat yesterday at the hands of the Missouri Valley College eleven at Marshall. The score was 55 to 14. Both of Maryville's touchdowns were made off straight football, the first coming in the opening period and the second in the last quarter.

The breaks were undoubltedly with Missouri Valley but, even so, alibis are not in order. An impenetratable line and fast backs proved the undoing of the Bearcats. For the first time this season, the local gridders were unable to gain through their opponents line, and end runs and forward passes were used almost entirely.

Missouri Valley made three of their tallies via the forward pass route. Twice an end jumped high in the air and snagged a flip for a counter.

The game yesterday ended the season for the Bearcats.

Possibly the biggest surprise in the conference came when William Jewell won from Missouri Wesleyan yesterday by a score of 3 to 0. This win makes a four way tie for the championship of the Missouri Intercollegiate Association between Missouri Wesleyan, William Jewell, Rolla, and Kirksville. All of these teams have only one game.

Kirksville defeated Warrensburg yesterday by a score of 7 to 0.

Central College won from Westminster by a score of 21 to 0.

The Springfield Teachers defeated Drury. The score was 16 to 13.

Results of the other conference games have not been received.

THREE TEAMS CHOSEN FOR M. H. S. DEBATING SQUAD

Pair to Oppose Savannah Will Be Selected Soon—Have Negative Of Question

At the debating trials at the High School Wednesday, the following teams were chosen to prepare for the finals, which will be held some time next week. Catherine Remus and Harold Moore; John Givens and Ellis Meek; Townsend Godsey and Richard Baker.

The Maryville team, under the supervision of D. W. Burford, elected to take the negative side of the question, Resolved: That the principal of the closed shop should prevail in American industry. The teams selected Wednesday will prepare on the negative side, and the judges will choose from the ones that give the best argument on that one side.

The finals will be held at an assembly soon and the judges will be chosen from local men. Miss Laura B. Hawkins and Mr. Burford acted as judges in the last trial.

SUNDAY TO BE RALLY DAY AT BAPTIST SUNDAY SCHOOL

Primary and Junior Departments Will Have Charge of Closing Exercises.

Sunday will be monthly rally day in the First Baptist Sunday School. A program will be given by the primary and junior departments as the concluding exercises. The theme of the Junior department will be Fannie Crosby and her hymns. The program will be as follows:

Thanksgiving reading — Elizabeth Briggs.

Song, "There's a Candle Burning"—Primary department.

Story of the life of Fannie Crosby—Leona Ross.

Sketch of the Bowery Mission—Maurice Woodburn.

Songs, "Rescue the Perishing" and "There's a Light Within" by the junior department.

The Sunday School hour is 9:30 o'clock. At 11 o'clock the Rev. J. A. Cooper will preach on "The Victory Over the World." At 6:30 o'clock, Dorothy England will lead the B. Y. P. U. in discussion of the home mission schools. The pastor will preach at the evening hour on "The Love That Curses."

A Correction

In Monday's Democrat-Forum a slight mistake was made in the article of the Skidmore school fair when it was stated Union Valley school had received first prize for the best booth. It should have been Union Star school, which is taught by Maye Sturm.

CUT OUT ONE-THIRD OF HENS; THEN GOT MORE EGGS

Final Tabulations on Poultry Culling by County Agent Shows Theory to be Sound.

There's no use feeding 150 hens when only 100 hens are laying, says County Agent Roy A. Kinnaird, who has just finished tabulating the results of the poultry culling campaign he recently carried on. His figures, tabulated from the reports of the owners of the flocks where culling was done, show that 4,382 hens the week after the culling actually laid more eggs than 7,094 hens laid the week before.

The total number of demonstrations in the county was ninety. Of a total of 9,978 hens examined, 6,221 were declared to be earning their board, while the owners were advised to sell 3,757 others who were loafing on the job.

Of the ninety flocks culled, reports were received on fifty-six. These showed that of 7,094 hens, 4,382 had been kept and 2,712 rejected as culls. In the week before the culling was done, the 7,094 hens laid 1,423 eggs. In the week after the culling, the 4,382 hens laid 1,445 eggs.

"It pays," says the county agent.

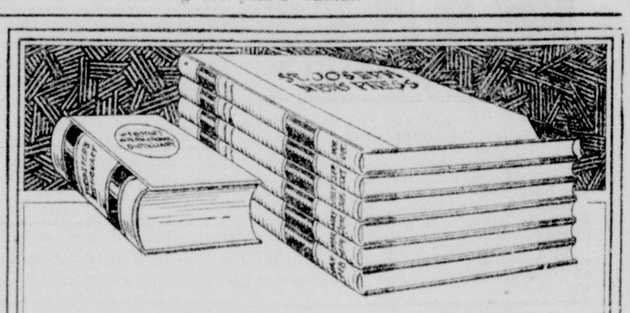
TO ATTEND BOARD MEETING AND INTERNATIONAL SHOW.

W. O. Garrett left this afternoon for Peoria, Ill., where he will attend a committee meeting of the breed promotion committee of the Poland-China associations. At this meeting the year's work will be gone over and made in a report. Mr. Garrett will leave Peoria Sunday night for Chicago, where he will attend the International Live Stock Exposition. At this show some $2,000 in prizes are to be given for Poland-Chinas.



A Real Bargain In Reading Matter

THE world's greatest bargain in reading matter is a large daily newspaper. It gives you many times more for your money than any other expenditure.

For instance, the bound files of THE ST. JOSEPH NEWS-PRESS for last year weighed 92 pounds, while Webster's International Dictionary weighs only 14 pounds. (See illustration above for comparison.) The dictionary defines 400,000 words. THE NEWS-PRESS printed more than 50 times that many.

It would take 15 complete sets of Shakespeare, more than 200 copies of Uncle Tom's Cabin, nearly 20 Bibles to equal the reading volume of THE NEWS-PRESS for one year.

Yet this great volume of interesting and instructive reading matter (coming every week day) costs only $3.50 a year—less than one cent a day.

Getting Back to a Pre-War Basis

The St. Joseph News-Press has reduced its sale price from three cents to its pre-war price of two cents per copy. It has also reduced its mail subscription price to all points in the four neighboring states to $3.50. In view of the doubling of the second-class postage rate, this brings THE NEWS-PRESS' mail subscription below the pre-war level. It is the cheapest (as it has long been among the best) of the metropolitan dailies of this district.

THE ST. JOSEPH NEWS-PRESS

By mail, $3.50 a year, in advance, in Missouri, Kansas, Iowa and Nebraska

Remit direct by check or money order—or the editor of this paper, or your postmaster, will be glad to take your subscription. Prices outside these four states in the United States, its possessions, Mexico and Canada, $6.00 a year.
